垂直升降式自动货柜

Modula垂直升降式自动货柜，模块化设计，充分利用垂直方向的空间。

标准设备最大高度可达21米，最大承载可达90,000公斤。

可以安全，洁净，高效地储存各种物料，最高可以节省90%的占地面积。

Modula摩登纳是一家具有40年经验的意大利公司，采用先进生产线的Modula摩登纳苏州工厂是一个真正的工业4.0典范的智能工厂。

RECOVER SPACE AND INCREASE PRODUCTIVITY.
VERTICAL AUTOMATED WAREHOUSES.

Modula are automatic vertical lift modules with trays, based on the concept of vertical storage and space saving on the ground.

They can reach a unit height of 21 metres with a weight capacity up to 90,000 kg.

All types of material can be stored in a secure, clean, efficient manner, and they allow a footprint saving of up to 90%.

Modula is an Italian company with 40 years experience, boasting the advanced production lines: a real smart factory 4.0.

THE NEW INDUSTRY STANDARD

不是简单延长质保
Not just a longer warranty

在垂直升降式自动货柜市场，很多设备在采购当天看起来相似。

真正的差异，往往出现在设备运行一年、三年、五年，甚至十年之后。

In the VLM market, many machines may look similar on purchase day.

The real difference appears after one, three, five, and even ten years of operation.

这是长期责任
It's a long-term responsibility

摩登纳中国推出十年质保承诺，是因为我们相信自己的产品质量，也相信我们在中国市场的服务能力。

我们不只是交付设备。我们承诺长期负责。

Modula China introduces 10 Years Warranty commitment because we believe in our product quality and in our service capability in China. We do not only deliver the machine. We take long-term responsibility.

低价容易承诺，十年很难复制。
Low price is easy to promise. 10 years responsibility is hard to copy.

国际品牌，中国速度。

INTERNATIONAL BRAND, CHINA SPEED.

苏州工厂与本地服务能力
Suzhou Factory and local service capability

为什么要选择国际品牌?

Why choose an international brand?

选择进口品牌，客户通常希望获得可靠的设计、成熟的技术和长期稳定的品质。但如果设备主要在欧洲生产，客户也可能面对更长交期、更高物流成本、更远的备件距离和更复杂的服务响应。

When customers choose an international brand, they expect reliable design, proven technology and long-term quality. But when equipment is mainly produced in Europe, customers may face longer lead times, higher logistics costs, long spare parts delivery times and more complex service coordination.

选择摩登纳您可以获得：

CHOOSE MODULA AND YOU WILL GAIN:

- 中国本地生产 Local production in China
- 更有竞争力的价格 More competitive pricing
- 更快交付 Faster delivery
- 中国本地备件 All spare parts in China
- 原厂工程师 Factory engineers
- 全球品质 Global quality

不是在品质和速度之间选择，Modula 中国让客户同时拥有两者。

No need to choose between quality and speed, Modula China gives customers both.

全球标准，中国效率。

GLOBAL STANDARD, CHINESE EFFICIENCY.

同样的Modula工程标准，更接近中国客户的生产、备件与服务体系。

Identical Modula engineering standards, with localized production, spare parts and service systems for China clients.

看起来相似，不代表十年后一样可靠。

SIMILAR APPEARANCE DOES NOT MEAN EQUALLY RELIABLE AFTER 10 YEARS.

设计外观一样，但设计能力、制造工艺、质量控制、备件体系和长期服务很难被复制。

Similar appearance does not mean the same design capability, manufacturing process, quality control, spare-parts system or after-sales responsibility.

价格不是唯一衡量选择的标准。

Price should not be the only criterion for selection.

摩登纳的市场地位来自更可靠的品质、更成熟的技术、更稳定的服务体系，以及长期为客户负责的能力。

Modula's leadership is built through quality, technology, service and long-term customer responsibility.

一年质保和十年质保，不是同一种责任。

1 year warranty and 10 Years Warranty are not the same responsibility.

这不是商业条款的差异，而是设备寿命、服务能力和长期责任的差异。

The gap lies not in commercial clauses, but in equipment lifespan, service capabilities and long-term commitment.

设备停机时，真正的差异才开始。

WHEN THE MACHINE STOPS, THE REAL DIFFERENCE BEGINS.

十年质保的价值，不只是维修费用。真正的价值，是停机风险更低、责任更清楚、服务更可靠。

The value of 10 Years Warranty is not only repair cost. The value is lower downtime risk, clearer responsibility and more reliable service.

停机不仅是技术问题，更是成本问题。

Downtime is not only a technical issue, but also a cost issue.

如果设备停止运行，影响的不止是维修费用。它可能会影响拣选、生产、发货、客户交付和内部效率。

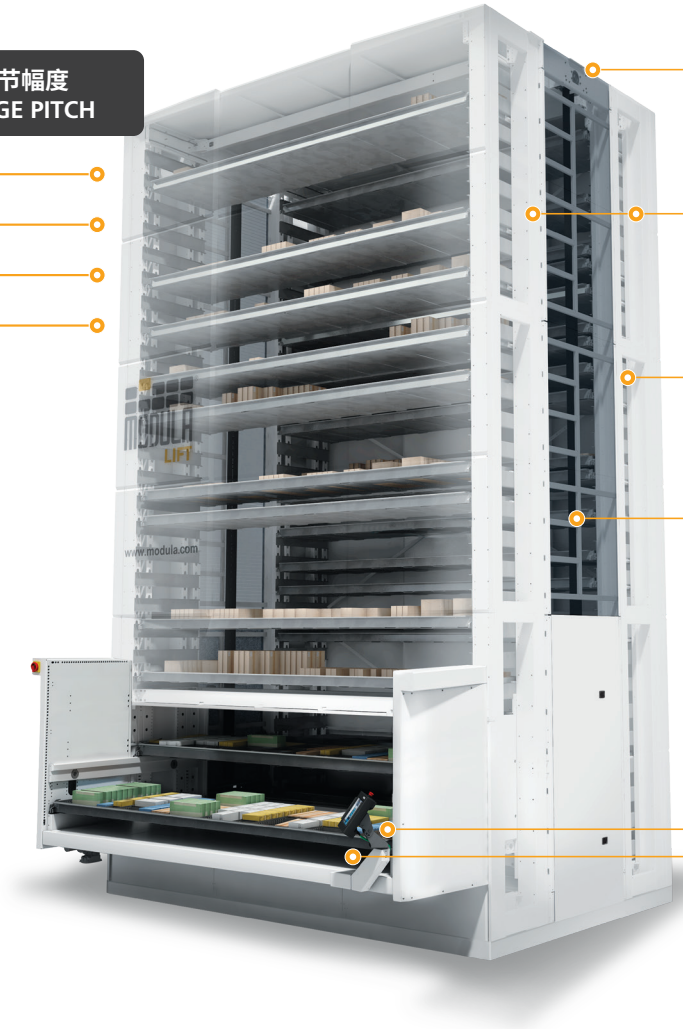

If equipment shuts down, the impact goes far beyond maintenance costs. It may disrupt order picking, production, shipment, customer delivery and internal operational efficiency.

低价只是一时选择，十年质保才是长期责任与担当。

Low price is a temporary choice, 10 Years Warranty stands for long-term accountability.

十年质保适用于符合 Modula 中国官方质保条款的设备。具体质保范围、维护要求和排除条款以正式合同及质保文件为准。
10 Years Warranty applies to equipment that meets Modula China official warranty conditions. Detailed coverage, maintenance requirements and exclusions are subject to the official contract and warranty document.

我们的优势
托盘配置

可以根据您的需求，配置不同类型的存取口。

- **单层存取口**
- **内置式存取口**
- **存取口在背面**
- **双层存取口**
- **外置式存取口**
- **存取口在不同高度**

通过使用双层存取口，可以让两个托盘同时运行，（操作员在处理一个托盘的同时，下一托盘已在后台准备好，并会在操作完成后立即送达，避免等待）。

通过外置式存取口，操作人员可以借助机械助力装置，提高工作的便利性，例如使用叉车，轻型起重机或者桁架等。

还可以在设备前后两侧同时拣货，或者在不同的楼层进行操作。

OUR ADVANTAGES:
MODULA'S TRAY CONFIGURATIONS

You can configure the Modula in different ways depending on how you plan to use it, with different types of picking bays.

- **Single bay**
- **Internal bay**
- **Opposite bay**
- **Double bay**
- **External bay**
- **Displaced bay**

With Modula you can select the dual tray delivery system. This allows the operator to work on one tray in the bay, while the next is being collected for delivery once the first operation is completed.

The external bay facilitates worker activity when using mechanical aids like forklifts, zero-weight cranes or overhead hoists.

You can also carry out picking simultaneously on two sides of the machine or have access to trays on different levels.

MODULA垂直升降式自动货柜
与其他技术的应用集成

Modula垂直升降式自动货柜非常适用于其他科技产品的集成，例如：

- 机器人
- 输送线
- 播种式显示屏
- 机械手
- 轻型起重机

Modula WMS 库存管理软件可以实现与所有ERP系统的集成，藉此，垂直升降式自动货柜完全融入到公司的工作流程中，并与您的管理系统实现交互。

通过这种方式，您可以对物料及用户的建立、生产订单、库存和备件进行高效管理，实现对库存的动态监控。
Modula垂直升降式自动货柜可以让盘点变得非常便捷，同步生成的专属分析和报告让一切尽在掌握。

MODULA INTEGRATES
WITH ALL TECHNOLOGY

Modula is ideal for those who also need complete integration with other technologies such as:

- Robots
- Roller conveyors
- Put-To-Light systems
- Manipulators
- Zero Weight cranes

Thanks to Modula WMS warehouse software, your VLM can be integrated with all ERP systems to connect the warehouse Modula into the company workflow and allow it to interact with the management system.

This way you can manage the materials and users registries, production orders, stock, spare parts, and you have improved control on stock and all warehouse movements: both picking and restoring.
With Modula, taking inventory is very easy, while producing dedicated analyses and reports ensures you have everything under control.
